Welcome!

Waterford was settled in 1733 by Amos Janney, a Quaker from Bucks County, Pennsylvania. Janney was soon followed by others and Waterford became the thriving center of a community of small farms. Because the Quakers were grain farmers, a grist mill was very important to them, and the first settlement included a mill near the site of the present structure with a few houses clustered nearby. The settlement that would become Waterford grew around Janney's Mill. From the 1760s onward, Presbyterians, Methodists and Baptists would also establish a presence here.

In the following pages you will find information and locations for food vendors, demonstrating Artisans, exhibits, entertainment, and home tours. The Fair has 5 areas marked by number, which can be referenced on the **map on page 5**. Find more detailed entertainment info using the **QR code on page 6**.
